

## AUGUST 2011 - NEWSLETTER

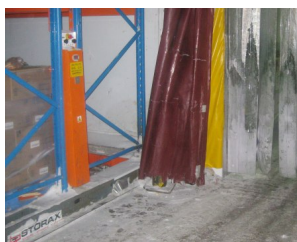

### Barpro & Storax

During May, James Cunningham visited the Storax offices in Bromsgrove UK and met with MD Ken Jones and Technical Director Murray Knight. These fruitful discussions form part of a deepening relationship which included a visit by Ken Jones to Cape Town in February.

### New Product - Ice Melt

Cold room doors, in general, do not seal properly. When the door is opened in the morning there is a build up of ice in the doorway which can cause reach trucks to slip and in some instances to get stuck. The standard method of removing this ice is to chop it out. Inevitably there is damage to the surface of the concrete floor. As water slowly penetrates into the concrete on an ongoing basis, and then freezes, the concrete is damaged further. Ice Melt is a white powder which heats the ice and melts it. The slush can then be swept away without the need to use shovels or crowbars. Damage to the floor is avoided. We have containers of 2kg or 14kg available for purchase.

If you'd like to place an order for Ice Melt, please contact Neil van Tonder email: [neil@barpro.co.za](mailto:neil@barpro.co.za)

### Visit Barpro Storage at the CTICC

We will be exhibiting at the Intervitis Interfructa exhibition to be held at the CTICC from 2-4 August. Please visit us at stand A10.

If you'd like to know more, please contact Carol Minshall email: [carol@barpro.co.za](mailto:carol@barpro.co.za) or phone: (021) 552 - 9190

### Barpro Basics

#### Training on Storax Mobiles

Have you asked yourself lately what your organisational standpoint is with regards to training of employees? When was the last time you audited how your employees perform functions, and if there are ways in which you can improve not only the health & safety of the employees, but the overall profitability of the company?

Onsite training provided by Barpro Storage

By having Barpro Storage provide operational and supervisory training on Storax Mobiles to your staff, you are not only boosting the workforce morale and organizational culture – but positively working on the longevity of the Storax Mobile System.

For more information about these training courses which can be held consecutively in one day, please contact Christina Lind Tel: 021 552 9190 or by email [christina@barpro.co.za](mailto:christina@barpro.co.za)

### Visitor from Mauritius

On 9th June Barpro Storage was delighted to show Victoire Clarel around its premises in

Victoire Clarel is pictured with Des Fell

Cape Town. He also saw Storax mobiles in action at Breco Cold Storage. Victoire works for the IBL Logidis group in Port Louis, Mauritius and was the winner of Mauritius's first ever forklift driver competition. He was in South Africa on a study tour.
